

European Section Spring Meeting  
12th May 2026. 10.00 hrs for 10.30  
To be held at The Science Museum Group  
National Collection Centre (NCC)  
Wroughton, SWINDON, UK, SN4 9LT

We have booked the meeting room at the Museum Library for the morning and in the afternoon we shall have a guided tour of the public collection in The Hawking Building (centre above). The NCC is housed on an old airfield and is the repository of items large and small that are not housed in the five main Science Museum Sites.

Confirmed speakers and topics are:-

**Gabriele Troescher** – 3M - “Update on standards revisions in CEN and ISO respiratory protection”.

**Laura Dorman** – LD Safety – “Respiratory Fit Testing in Switzerland: Raising the Standard Before It’s Required”.

**Dominic Leatherland** – Avon Technologies – “Respiratory Hazards from Firearms Use”.

**Jon Szalajda** – An update on the forthcoming International Conference in Montreal (via video link)

**Round Table** – We want to hear from our membership about the topics that would be of interest and suggestions for meeting venues.

Tickets - Book through [isrp.com](http://isrp.com) website.

Members                    £50 (Corporate/Organisation members in good standing can send as many delegates as they like and will be sent a code to use to get this rate for anybody not registered on [isrp.com](http://isrp.com)).

Non – Members    £75 each.
