ISO Standards – how will they arrive in Europe - Abstract -

Information will be given about ISO-Standards, -Technical Specifications or -Technical Reports for Respiratory Protective Devices (RPD) developed by ISO/TC94/SC15, which are already published or in working progress. The plan, how to introduce the ISO RPD Standards into Europe will be shown and the necessary steps will be explained. This includes the new structure of the European Standardization Committee CEN/TC 79.
